Information

- Disposable product for easy and quick handling, increased hygien and reduced risk of contamination.
- Medicine measure suitable for dispensing both liquid and dry medications (tablets).
- Graduated each milliliter up to 30 milliliter. We believe an exact scale is very important when you distribute medicine to a patient. Note that the medicine description always prescribes an exact dose. If the product is not marked with Notified Body number the scale can not be trusted.
- Classified as a class Im product. Class Im means that there is a measurement function with a scale on the product. All Im products must have Notified Body mark and CE mark on the product. The Notified Body Number (N.B) signifies that the product is following the regulations of class Im, The Notified Body is inspecting the manufacturing company yearly regarding the calibration of the scale.
- High quality medicine measure made of PP.
- Accessories:
 - Writeble lids made of PE, ref. No. **00364**
 - Tablet crusher, ref. No. **300280**
 - Dispenser, ref. No. **300650**
