Information

Hpm™ disposable ear speculums are accessories for otoscopes used for direct examination of the external auditory canal and the tympanic membrane.

- Available in two different sizes: ø 2,5 mm och ø 4 mm.
- Made from fossil-free material (PP).
- Disposable ear speculums are hygienic, safe and prevent cross-contamination.
- Secure fit.
- No sharp edges.
- Available in black.
- Do not contain BPA, phthalates, latex or PVC.
- Hpm™ ear speculums are CE-marked and classified as a Class 1 medical device.
- For single-use.
